DIRECTORY:

CERTIFICATION AND REGISTRATION BODIES FOR PROFESSIONS AND OCCUPATIONS IN ALBERTA

ABOUT THIS DIRECTORY...

The first printing of the directory was issued in April 1986. In this third edition, additional occupations have been added and others have been revised. This October 1988 version is based on information available to us as of September 1988.

The information listed here is meant for reference only. For further details the offices listed should be contacted directly. We appreciate the co-operation and assistance from the many organizations who have helped us update the information. If you spot any errors or omissions, please let us know.

ACCOUNTANTS - Certified General Accountants

- For student members, minimum requirements for admission are the equivalent of high school graduation and Canadian citizenship or landed immigrant status.
- To be accredited as a Certified General Accountant (C.G.A.), it is necessary to complete a five-level academic program of 17 courses and to meet the Public Speaking and Practical Experience requirements. The academic program includes micro-computer technology and allows specialization at the fifth level. The practical experience requires at least two years of on-the-job experience in an accounting, financial or related position.
- Advanced standing in the studies program may be granted for equivalent courses taken through a recognized university, college or other professional program.

Contact:

The Certified General Accountants
Association of Alberta
223 - 14th Street N.W.
Calgary, Alberta
T2N 1Z6
Tel. 283-6620
Toll free telephone 1-800-332-1078

ACCOUNTANTS - Certified Management Accountants

- The Society of Management Accountants is the organization dedicated exclusively to giving Certified Management Accountants the advantage in management accounting education, research, acrreditation, career management and professional responsibility.

- Minimum requirements for admission as a student member are post secondary business education, and Canadian citizenship or landed immigrant status.

- To earn a CMA designation, it is necessary to demonstrate mastery of the Syllabus prescribed by the Society of Management Accountants; successful examination on the Syllabus; and a minimum of two years practical experience.

Contact:

Society of Management Accountants of Alberta
300; 530 - 8 Avenue, S.W.
Calgary, Alberta
T2P 3S8

269-5341, Fax 262-5477, or 1-800-332-1182

ACCOUNTANTS - Chartered Accountants

- The usual minimum admission requirement is successful completion of a university degree. A specified series of university courses must be met as part of the university degree or through post-degree studies.

- To be certified as a chartered accountant (CA) in Alberta, it is necessary to have successfully completed a minimum of six subject area examinations, a uniform national examination and 36 months of practical experience with an approved CA firm.

- Students registered in university degree programs may register under a "Work Study Program" which combines practical experience with academic training.

- In order to perform certain statutory or public company audits in Alberta, the auditor must be a member of the Institute of Chartered Accountants of Alberta.

REAL ESTATE SALESPERSONS

- The Alberta Real Estate Association (A.R.E.A.) is the organization which registers applicants to sell real estate in Alberta.
- Applicants must maintain a permanent residence in Alberta and must have been residents of Canada for at least three months.
- Must read, write and have good working knowledge of English.
- Must pass a written provincial examination.
- Some credit may be granted for foreign qualifications.
- Must be recommended by a licensed Real Estate Agent who declares that he will employ the applicant as a salesperson if he/she is registered with the Alberta Real Estate Association.
- A $130.00 fee is charged for the Real Estate 1000 Manual on application to write the provincial examination. There is also a $25 provincial registration fee in addition to other registration and course fees required by local Real Estate Boards' bylaws and requirements of individual Real Estate Agents.

Tel. 427-2655

RESPIRATORY THERAPISTS

- Must complete an approved two-year program, including one year's study.
- The usual training at present is at an institute of technology, followed by a one-year internship at a hospital.
- Before being registered, applicants must pass a registration examination.

  All individuals who wish to use the title Respiratory Therapist must be registered under the Alberta Health Disciplines Act.
- Registration expires March 31 of each year. Renewal is conditional on 160 hours of work as respiratory therapist in the previous year.

Tel. 427-2655

SOCIAL WORKERS

- Registration (R.S.W. status) is available to those who have the equivalent to the Alberta Bachelor of Social Work degree. Applicants with lesser qualifications who meet the AASW Council's social work experience requirements may pursue registration by writing the required examinations.
- The Universities Co-ordinating Council's Professional Examination Board in Social Work evaluates the academic qualifications of all applicants to determine which, if any, of the ten examinations must be written.
- All foreign-trained applicants in social work must have one year of social work experience in Canada or the United States before registration will be granted.
- Registration and/or membership are not mandatory requirements for the practice of social work in Alberta. However, they may be advantageous in applying for employment.

Contact:

John Huttoh, Registrar
Alberta Association of Social Workers
#100, 11831 - 123 Street
Edmonton, Alberta
T5L 0G7
Tel. 454-1426

TEACHERS

- The Teacher Certification and Development Branch of Alberta Education evaluates credentials and subsequently issues teaching authority. To be deemed eligible for the professional certificate, an applicant must present four years of university training, inclusive of an approved degree, and one year of professional teacher preparation.

- The Teacher Qualification Service of The Alberta Teachers' Association evaluates educational training for salary placement purposes.

- The Teacher's employing school board assesses years of experience.

TRADES

- Apprenticeship and Trade Certification, Alberta Career Development and Employment is responsible for training and certification in the designated trades.
- To become an apprentice, a person must be at least 16 years of age and employed by a qualified employer willing to indenture him/her.
- Trades training from the first period of apprenticeship to journeyman status takes between two and four years involving classes and on-the-job practical experience.
- Examinations are designed in cooperation with industry and the Apprenceship Branch and are administered by Apprenticeship and Trade Certification.
- Credit may be granted for previous work experience or training.
- An interpreter may be permitted, under certain conditions, during the journeyman's examinations.

There are two types of designated trade categories:

Proficiency Trades: It is compulsory that anyone working in a proficiency trade be either a registered apprentice or hold an Alberta Certificate of Proficiency as a journeyman.

Qualification Trades: Certification by Apprenticeship and Trade Certification is voluntary in Alberta at this time.
